

2007 FIVE HUNDRED

BOLDMOVES

Safe is the word for it

It's more than just comfortable, confident and convenient. It's safe. Quite honestly, it's one of the safest cars in its class. Ford Five Hundred's innovative vehicle structure earned it the highest crash test safety ratings from the government's National Highway Traffic Safety Administration (NHTSA) *and* from the Insurance Institute for Highway Safety (IIHS). Only a select number of cars can lay claim to that distinction. Those superb safety standards can be enriched with available All-Wheel Drive (AWD) – the class-exclusive HALDEX® AWD system is always on guard and seamlessly responds. Add more show to your go with the brilliant Chrome Package option (shown above).

Luxury at your command

Command Seating™ sits you tall and provides you with exceptional visibility all around. It also makes for effortless entry into the most spacious cabin in the class. In the Limited model, you're treated to the luxury of a leather-trimmed, 8-way power, heated driver's seat with 2-user memory – settings can be recalled for the heated sideview mirrors, as well. Leather trim extends to the shifter and steering wheel, which includes a second set of major audio controls. Dual-zone Electronic Automatic Temperature Control allows you and your front passenger to set comfort levels independently. And the 8-speaker Audiophile® Sound System features a 190-watt amplifier, subwoofers and a 6-disc in-dash CD player that's MP3-capable.

Courtesies abound The available DVD Navigation System (displayed above) offers a generous 6.5" LCD that illuminates sharp color graphics with step-by-step, touch-screen prompts and a turn-by-turn Route Guidance voice. At a touch, fully retract the optional power moonroof's tinted glass or simply tilt it up. With the DVD Family Entertainment option, rear-seat passengers view a 7" screen and have access to 2 sets of wireless headphones, plus an infrared remote.

Leave nothing behind

It appears there are 2 categories of large cars: Ford Five Hundred, *and all the rest*. Interior volume measures a phenomenal, best-in-class 128.7 cu. ft. And when you flatten the split-folding rear seatback and fold-down front-passenger seat, Five Hundred suddenly asserts its sensational, class-topping versatility – giving you the ability to carry items up to 9' in length. However, you may not have to use that elongated space very often; the trunk's low liftover height and big-time cargo capacity (it's the largest trunk of any sedan in North America) make way for up to 8 golf bags. Make your way in the company of pure luxury: "Shirred" leather trim is standard on the Limited model (shown above).

So thoughtful Stow smaller-scale items within each door's integrated holder, the locking glove compartment, the center console, or a covered storage bin (pictured here) that's cleverly integrated atop the instrument panel. 8 beverage holders are also part and parcel of Five Hundred.

Always have a backup plan An optional Reverse Sensing System helps when you're slowly backing up or parallel parking. The system senses objects up to 6' behind your car, beeping more rapidly the closer you get.

One of the safest in its class

Personal Safety System[®] for the driver and front passenger includes dual-stage front airbags, a crash severity sensor and a Front-Passenger Sensing System.

Front-seat side airbags are now standard*. They're always in optimum deployment position (no matter how the front seats are adjusted) to help protect the chest area of front-seat occupants in certain side collisions.

Volvo-inspired chassis is the basis of Five Hundred's solid structure. Crash modeling on a Cray[®] supercomputer determined that mounting the front bumper plate only to the outer portion of the frame rails promotes a more even collapse of energy-absorbing structures and reduces passenger-compartment intrusion.

Tripod design

A Channels crash forces upward and downward into a high-strength steel "ring of protection."

Adaptive steering column

B Minimizes the effect of crash forces, collapsing in different ways depending on the driver's-seat position and safety belt status.

SPACE Architecture[™]

C (Side Protection And Cabin Enhancement) is a class exclusive comprised of advanced structural elements – including a hydroformed cross-car beam running between door frames to strengthen each bodyside.

Side-intrusion door beams

D Extend across the 2 strongest areas of the door frame, providing substantial reinforcement.

Standard* 2-row Safety Canopy[™] System – with a class-exclusive rollover sensor

E Includes side-curtain airbags for added protection front to back.

*For models built after 9/4/06.
Cray is a registered trademark of Cray, Inc.

MODEL HIGHLIGHTS

Each series includes the standard equipment of the previous series, except where additions/exceptions are noted.

THE 5 YEAR / 60,000 MILE POWERTRAIN WARRANTY

New Vehicle Limited Warranty

We want your Ford Five Hundred ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

For more assurance: There's now a 5-year/60,000-mile powertrain limited warranty that's fully transferable, has no deductible, and provides you with an additional 2 years or 24,000 miles of coverage — on select components, including the engine and transmission — beyond the standard 3-year/36,000-mile Bumper-to-Bumper Coverage. Plus, Roadside Assistance is extended to 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details, or check us out at www.fordcredit.com.

Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at www.fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford **Extended Service Plan** (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Genuine Ford Accessories are designed and engineered specifically for Ford vehicles. Visit our website at www.fordaccessoriesstore.com to use the Accessorizer, and to learn about complete accessory details and purchase instructions.
